Re: **Hill Interior Contracts Ltd**

Hill Interior Contracts Ltd has been one of our key contractors for over 5 years.

They have been involved in various capital and minor works projects providing professional Construction Services.

We have found the company to be pro-active, well informed and highly professional. They maintain a high quality of work together with a positive working relationship which has been developed and maintained over the years.

We are very happy with the services that the Trust has received from Hill Interior Contracts Ltd and would not hesitate to recommend their services.

Yours sincerely,

Corey Lane MCs MIOC LIOC FRGS
